COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports her family, and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which the old Virginia debt case. That should cause our people to be a little cautious about the expenditure of their money for some time to come at least.

And—permit me to say here—it would be unwise at this time to bond our county for any large sum for road building, with all the pressure that may be brought to bear upon our county court to do so, by manufacturers and agents of automobiles. And to such of our people who are permitting mortgages to be placed on their farms or their homes, to secure the money to buy an automobile, I would say that they had better consider well before taking such a step. Of course many purchasers have the

SYRACUSE CREW LOOKS LIKE DARK HORSE

Syracuse crew in action.

Never in the history of the Poughkeepsie regatta has there been such uncertainty as to the final make-up of the various crews as has existed lately. There have been many shake-ups in the Cornell, Columbia and Penn boats. Syracuse has not been thus troubled, and there is a growing feeling of apprehension on the part of the other coaches that Jim Ten Eyck may be about to spring one of his periodical surprises and uncover a dark horse.

"RAINY DAY" ADVICE OFFERED THE PEOPLE

By One Who Discusses Taxation, Roads, Automobiles and the Like.

(By W. M. Morris.)
When one looks over the unusually large delinquent list, as returned by the sheriff of our county for the non-payment of taxes for the year of 1914, we are made to wonder where the money is to come from to pay all the bills charged to us on the assessor's books.

Then, in the face of this shortage, we have to meet the twelve million dollars decreed against our state by the United States Supreme Court in the old Virginia debt case. That should cause our people to be a little cautious about the expenditure of their money for some time to come at least.

And—permit me to say here—it would be unwise at this time to bond our county for any large sum for road building, with all the pressure that may be brought to bear upon our county court to do so, by manufacturers and agents of automobiles. And to such of our people who are permitting mortgages to be placed on their farms or their homes, to secure the money to buy an automobile, I would say that they had better consider well before taking such a step. HELEN BOYLE MAY GET LIBERTY SOON

As There Appears to Be Little Opposition to Her Application for Pardon.

HARRISBURG, June 23.—Helen Boyle, serving a twenty-five-year sentence in the Riverside penitentiary at Pittsburg for complicity with her husband in the kidnapping of William Whitla from his home in Sharon, Pa., in 1908, was brought to the attention of the board of pardons here Tuesday by her attorney, M. J. Mulvihill. At the outset he was confronted with a letter from the district attorney of Mercer county who protested against a pardon as the woman proposed to frame a movie by the play based on the Whitla kidnapping. Mulvihill denied this and asserted that the girl asked for a pardon that she might return to her parents in Chicago.

Mr. Mulvihill did not minimize the crime saying the people were "frenzied" over it and any defense would have been discredited and there was a popular demand for the extreme penalty. He thought a twenty-five-year sentence for a twenty-two-year-old girl was out of all reason. The attorney cited that the girl had been in the hospital twice recently and this, interesting Attorney General Brown, he asked that a physician's certificate be presented to sustain that.

"She admits her guilt," continued Mr. Mulvihill, "but promises to amend."
There was no opposition to the pardon, the present district attorney and judge not caring to do anything and Attorney Cochran, who prosecuted the case, declined to oppose the pardon in which he was joined by Mr. Whitla, father of the kidnapped boy. The board of pardons questioned Mr. Mulvihill closely, drawing out the story of the crime and the fact that the entire country was aroused over it and that the state gave a reward of \$15,000 for the arrest and conviction of the kidnappers and it cost Mr. Whitla \$10,000.

Boyle, it was said, is serving a life term and the woman will never come under his influence again. The board took the papers and will make its decision known after it holds an executive session.
